

INTERNATIONAL WORKSHOP KA2

ACTIVATION OF CONTEMPORARY PUBLIC SPACES

Cracow University
of Technology

CEU | *Universidad
Cardenal Herrera*

POLITECNICO
MILANO 1863

Matteo Cervi
Eduardo Cotino
Julia Marszalek

SWOT

STRENGTHS

THERE ARE MANY RECREATIONAL SPACES IN THE AREA
THERE ARE A LOT OF GREENERY

WEAKNESSES

THERE ARE DAMAGED FACADES OF BUILDINGS
HIGH NOISE LEVEL
POORLY DEVELOPED ROAD COMMUNICATION
GREEN IS POORLY PRESERVED

OPPORTUNITIES

CREATING A NEW INTERESTING DISTRICT
CONNECTION OF THE TWO PARTS OF MILAN, NORTH AND SOUTH
THE PROXIMITY OF THE RAILWAY STATION, BUS AND TRAM STOPS AND THE FUTURE METRO STATION AFFECTS THE ATTRACTIVENESS PLACES
THE POSSIBILITY OF CREATING A CULTURAL CENTRE DUE TO THE SITE OF THE HISTORY

THREATS

SMALL NUMBER OF BICYCLE ROUTES IN THE AREA
NOISE RELATED TO ROAD AND RAIL COMMUNICATION
INSUFFICIENT NUMBER OF PARKING PLACES
A BADLY DESIGNED NEIGHBORHOOD MAY NOT ATTRACT NEW ATTENDERS, THERE WILL BE NOT NO DENIAL OF THE DISTRICT

IDEA

Different activities in each circle

Multifunctional public space - activity zone in Chorzów
SLAS architects

Iko no Hiroba
Architects Chwała Sp.

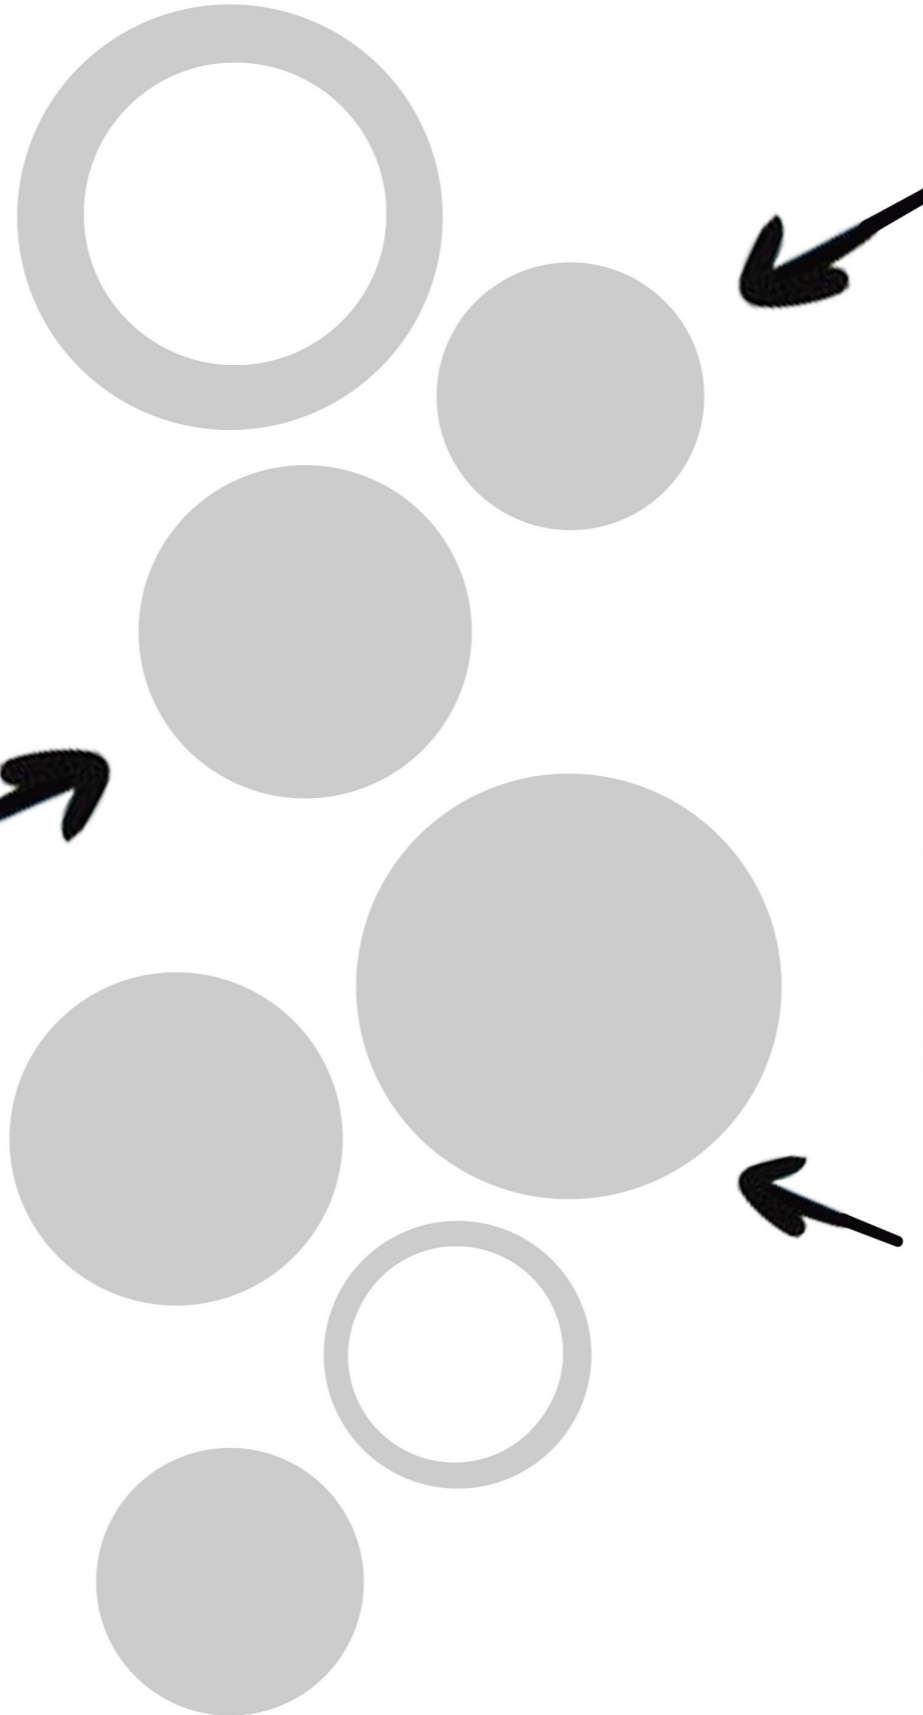

Plaza Ovidi Montllor
BAAS arquitectura

Park'n'Play
JaJa Architects

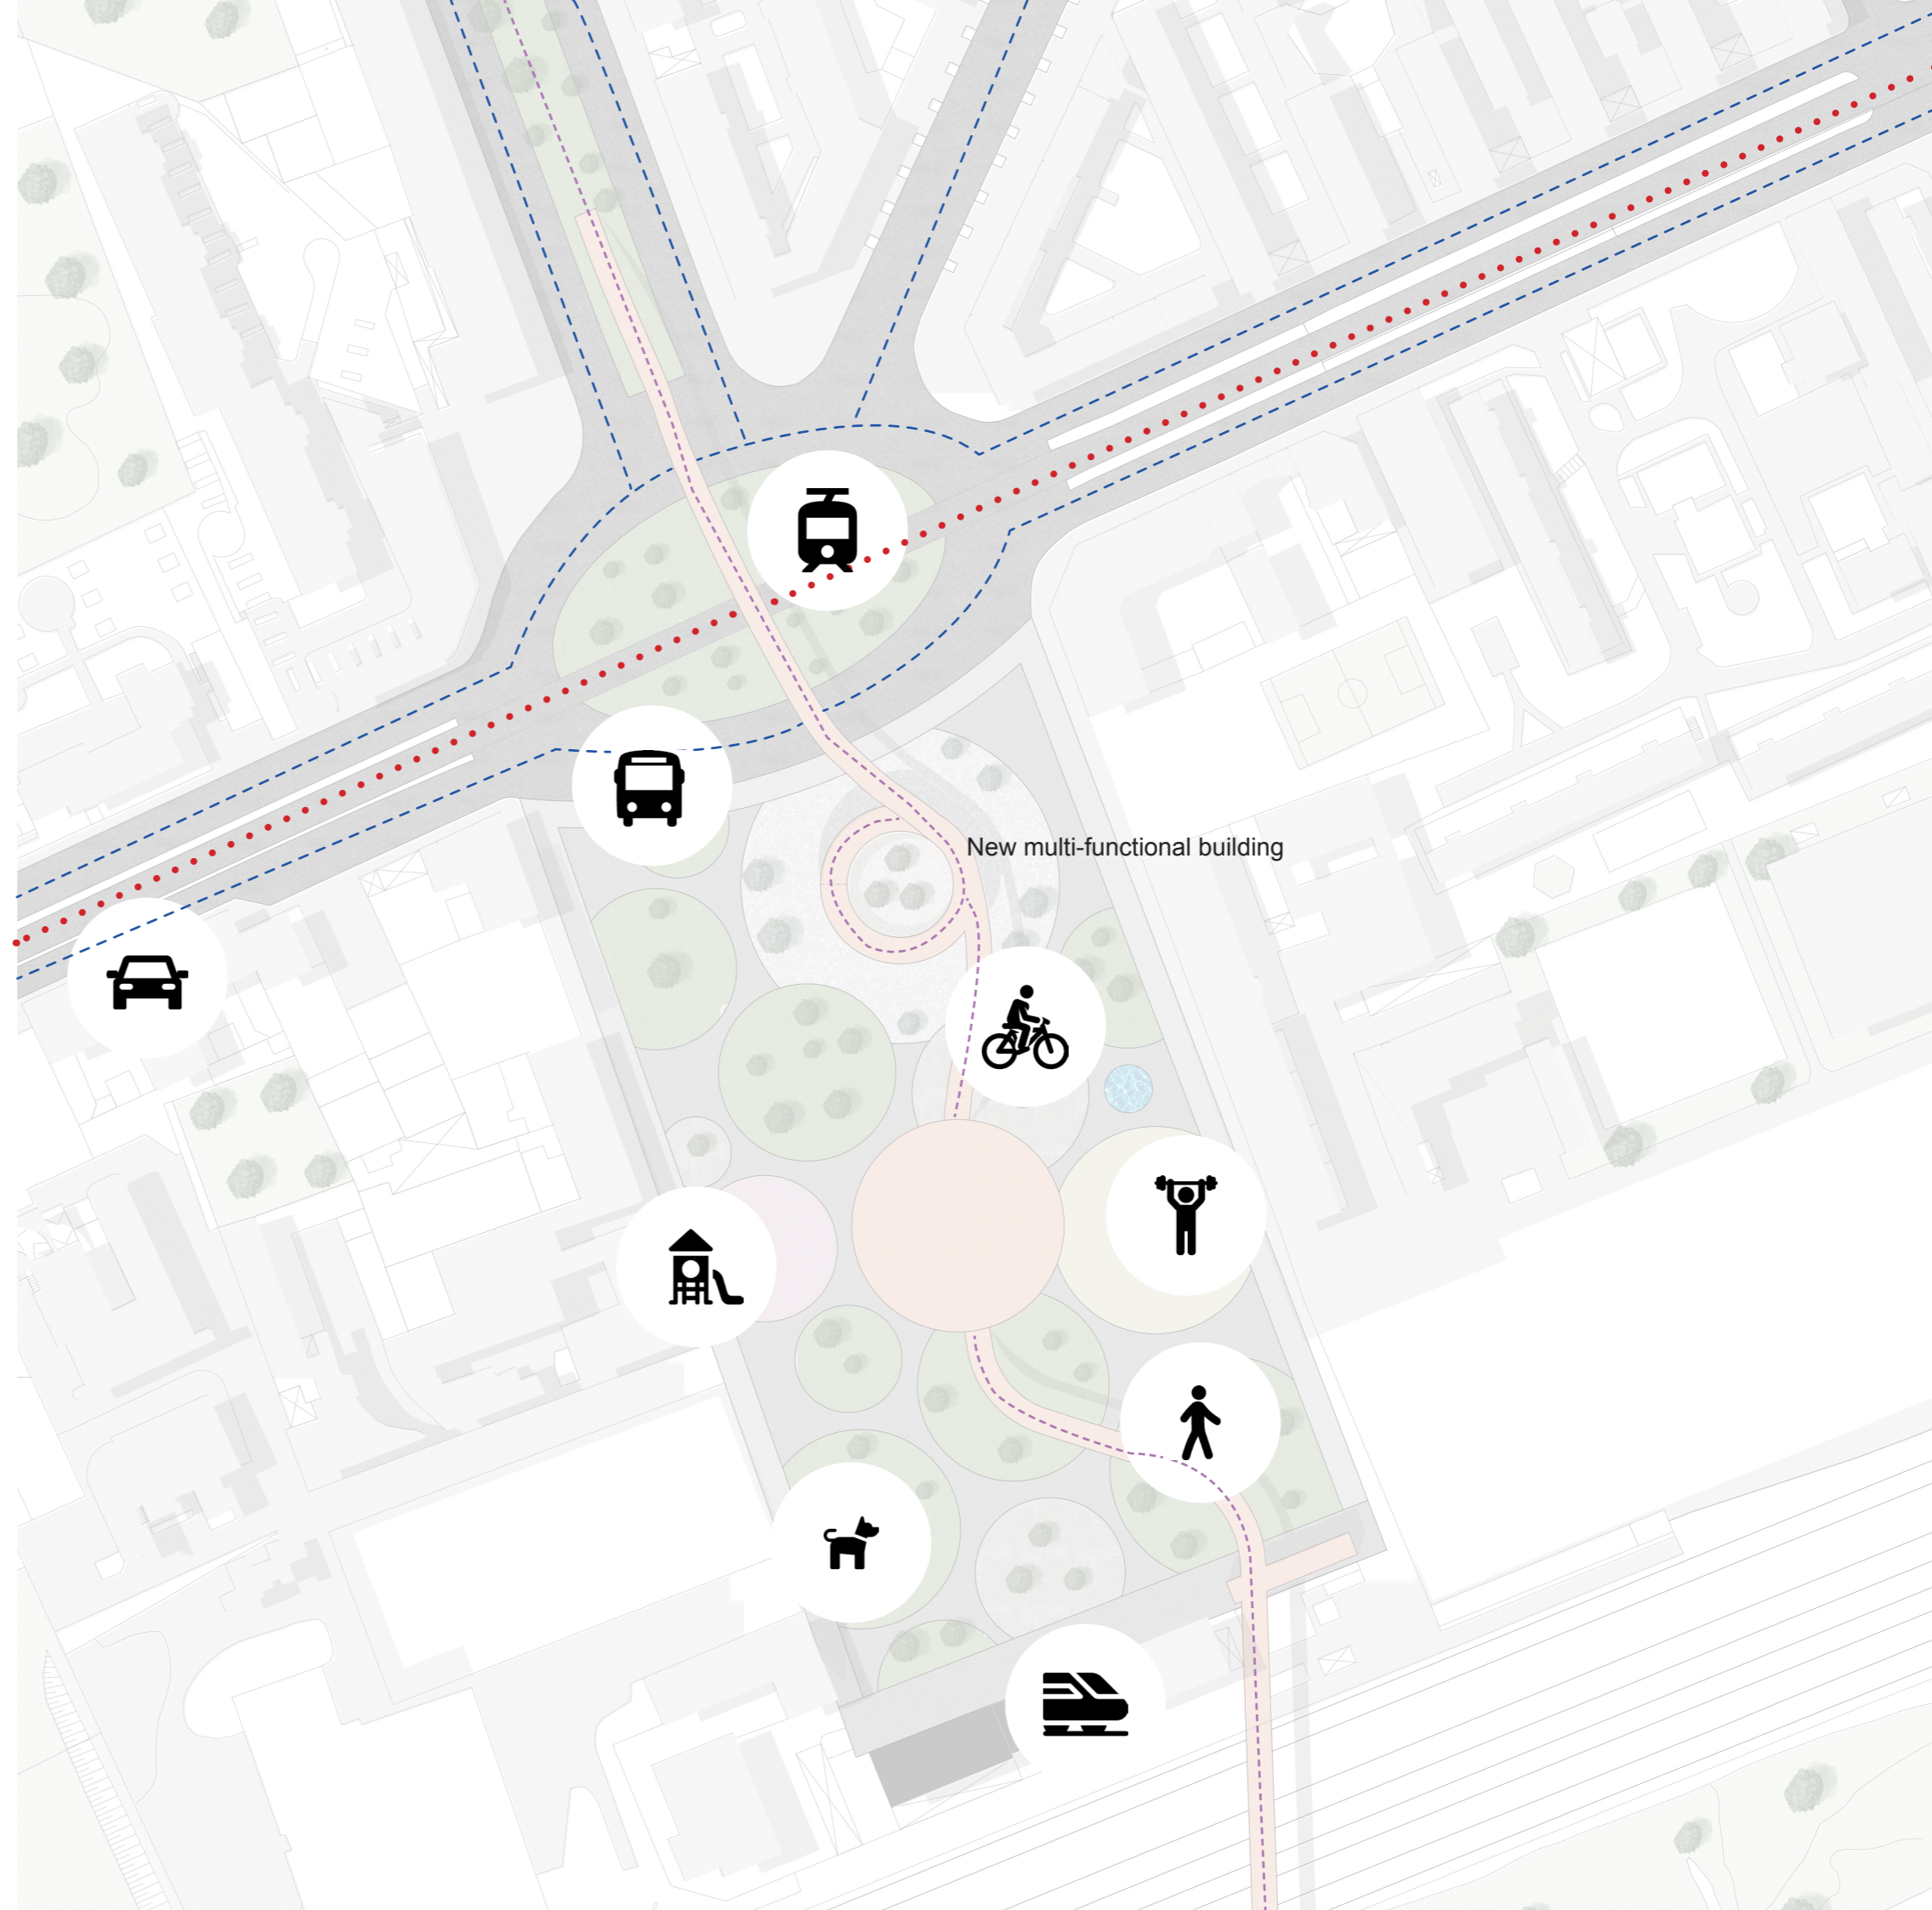

East 110th Street Playground
Designed by the Conservancy's office of Planning,
Design, and Construction

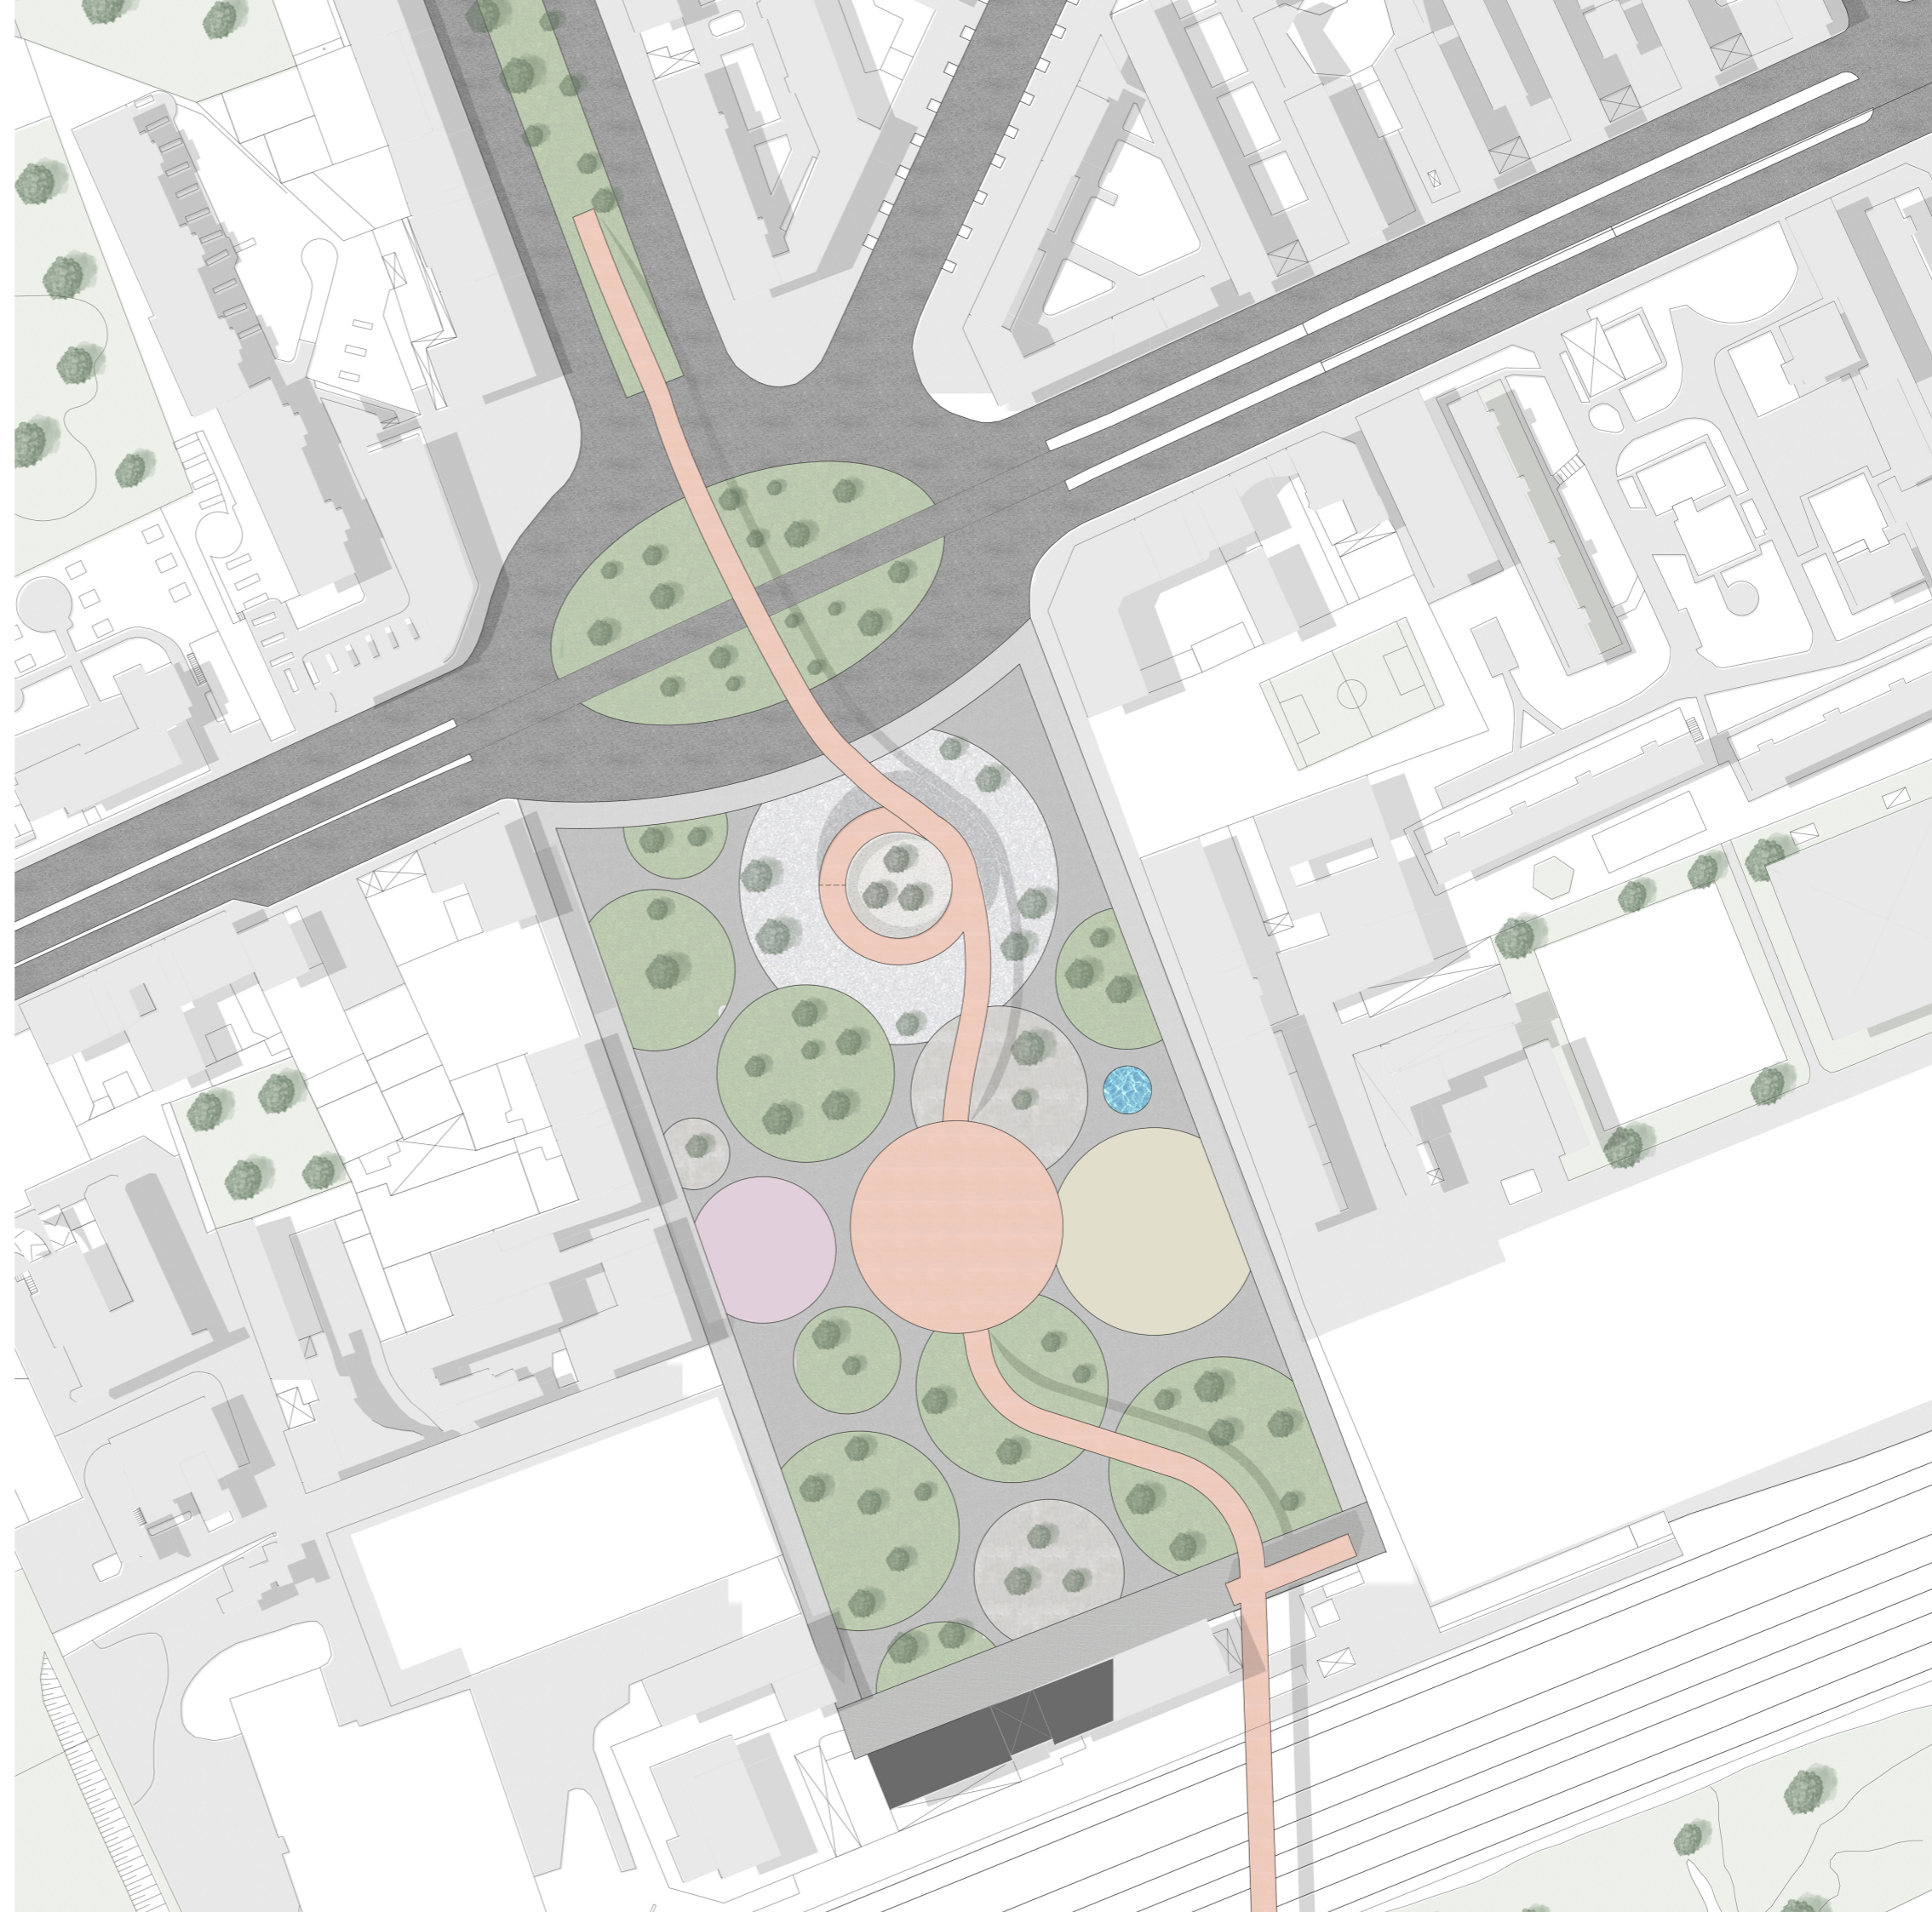

Main idea

New functions on Piazza Tirana

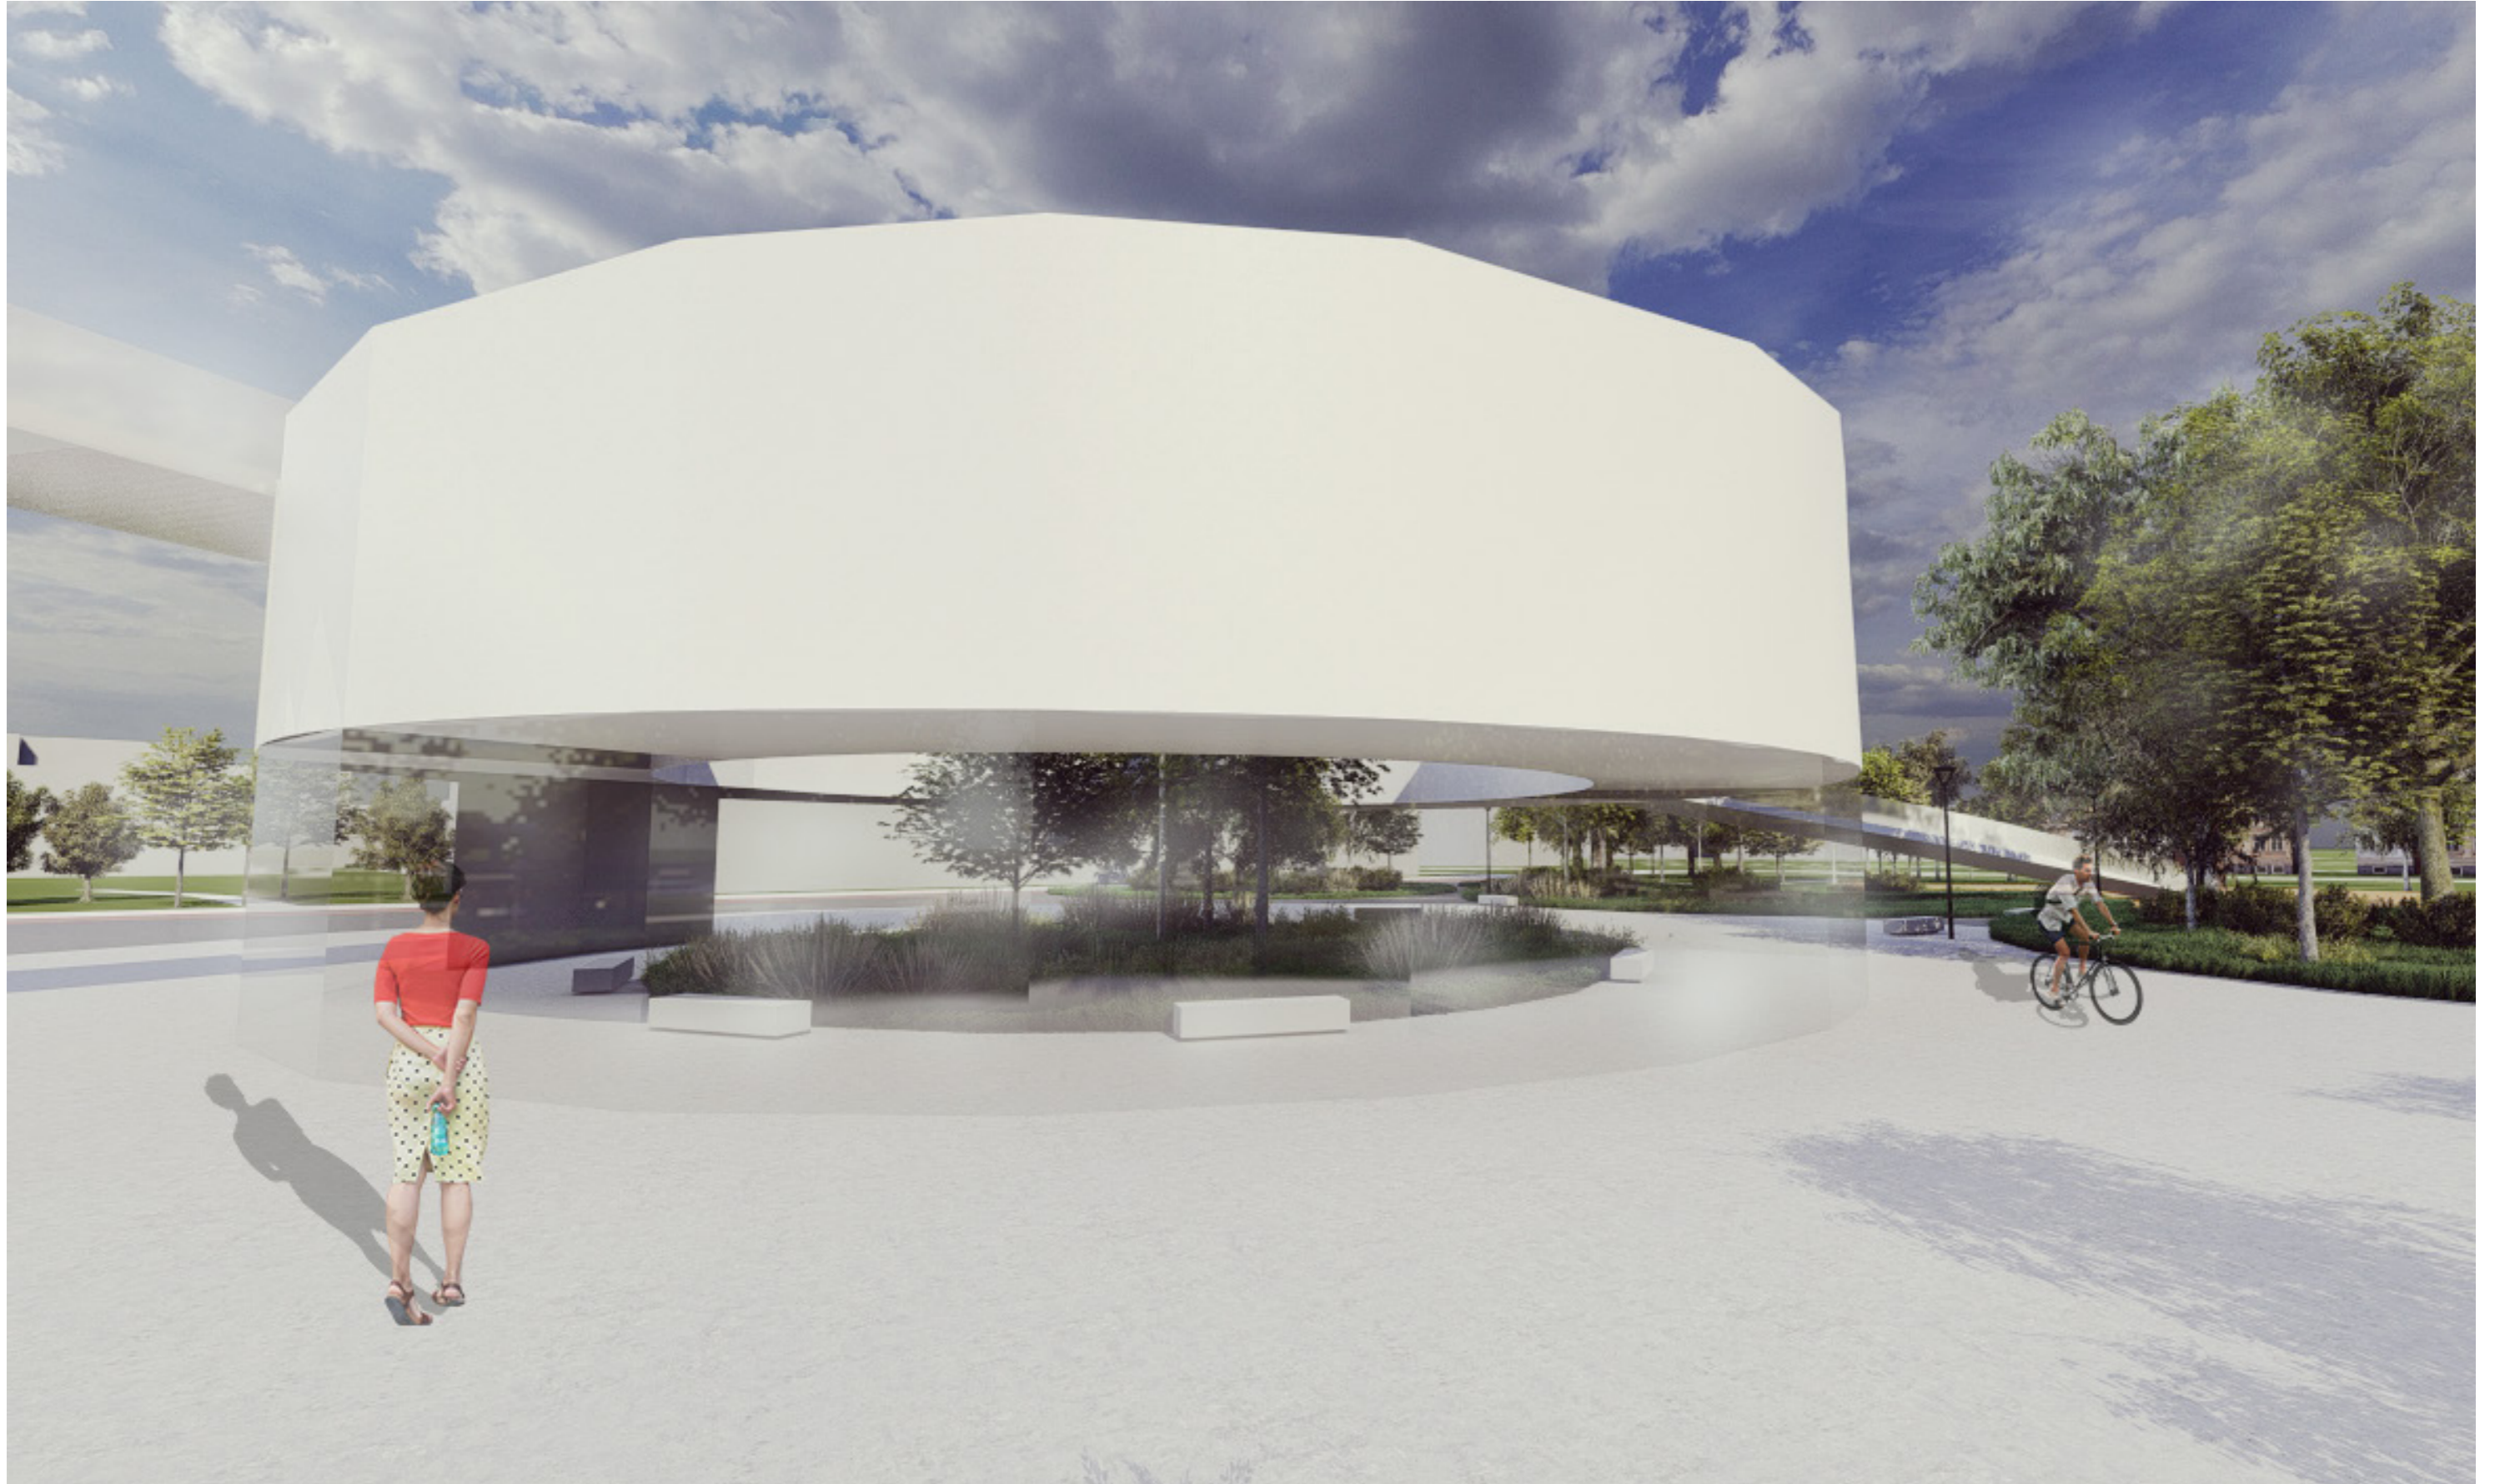

New masterplan of Piazza Tirana

New multi-functional building

New multi-functional building

New tram stop and sidewalk connection
